

# Driver Medicals

## Appointment Checklist

[www.docster.health](http://www.docster.health)

Please help us make your Driver Medical smooth and efficient by bringing all the essentials with you:

### Essential

- Photo ID - driving license or passport
- The driver medical form you need completed
- Glasses if worn
- Your most recent optical prescription if you wear glasses
- Contact lenses if worn
- If you wear contact lenses - equipment to remove and replace these for the eye test as your eyes need to be tested with and without corrective lenses

### Helpful but not essential

- A list of all your prescription medication
- A list of significant past and current medical problems including significant surgery and any joint or muscle problems
